PROFESSIONAL SUMMARY

Dedicated college student with a passion for learning and strong commitment to academic excellence. Skilled in time management, teamwork, communication, and problem-solving. Quick to adapt, eager to learn, and capable of handling challenges in dynamic environments. Looking to contribute creativity, enthusiasm, and technical skills to diverse projects and opportunities.

SKILLS

Soft Skills : Problem Solving, Communication, Active learning, Team collaboration, Positive Attitude

Technical Skills: PowerPoint, C, C++, SQL, Python , HTML, CSS, Canva, MS Excel, Java

EDUCATION

BSA Crescent Institute of Science and Technology

September 2022 - Present

B.Tech Computer Science And Engineering

CGPA: 9.42/10.00

PROJECTS

- **Personal Portfolio Website – HTML, CSS, JavaScript**
A responsive website showcasing personal projects, skills, and contact details.
- **Heart Disease Prediction - Python , Streamlit**
A machine learning model predicting heart disease risk using patient health metrics.
- **Vehicle Price Prediction - Python , Streamlit**
A regression-based model estimating vehicle prices from key specifications.
- **Animal Image Classification - Python, Streamlit**
An image classification model that identifies animals from uploaded pictures.
- **Secure Pre-Examination Candidate Authentication System – Python, OpenCV, InsightFace, MySQL**
Developed an AI-based face recognition system that verifies candidate identity before exams using facial embeddings and cosine similarity matching to prevent impersonation.

CERTIFICATIONS

- NPTEL - English Language for competitive exams
- Linguaskill - CAMBRIDGE English
- Infosys - C Language
- LinkedIn Learning - Learning Assembly Language
- Spoken Tutorial Project at IIT Bombay - Linux Training
- Spoken Tutorial Project at IIT Bombay - RDBMS PostgreSQL Training
- Spoken Tutorial Project at IIT Bombay - CSS Training
- LinkedIn Learning - Introduction to Artificial Intelligence

INTERNSHIP

Brassy Technologies, Tirunelveli

June 2024 -July 2024

Web Development Intern

- Developed and maintained responsive websites using HTML, CSS, and JavaScript
- Collaborated with the development team to enhance user experience and ensure cross-browser compatibility

Unified Mentor, Haryana

June 2025 - July 2025

Machine learning Intern

- Built heart disease prediction model with 97% accuracy using Python and scikit-learn.
- Streamlined data pipeline, improving training efficiency and model performance.

LANGUAGE

English, Tamil, Malayalam
